Pull Belts

BY PROBANDAS

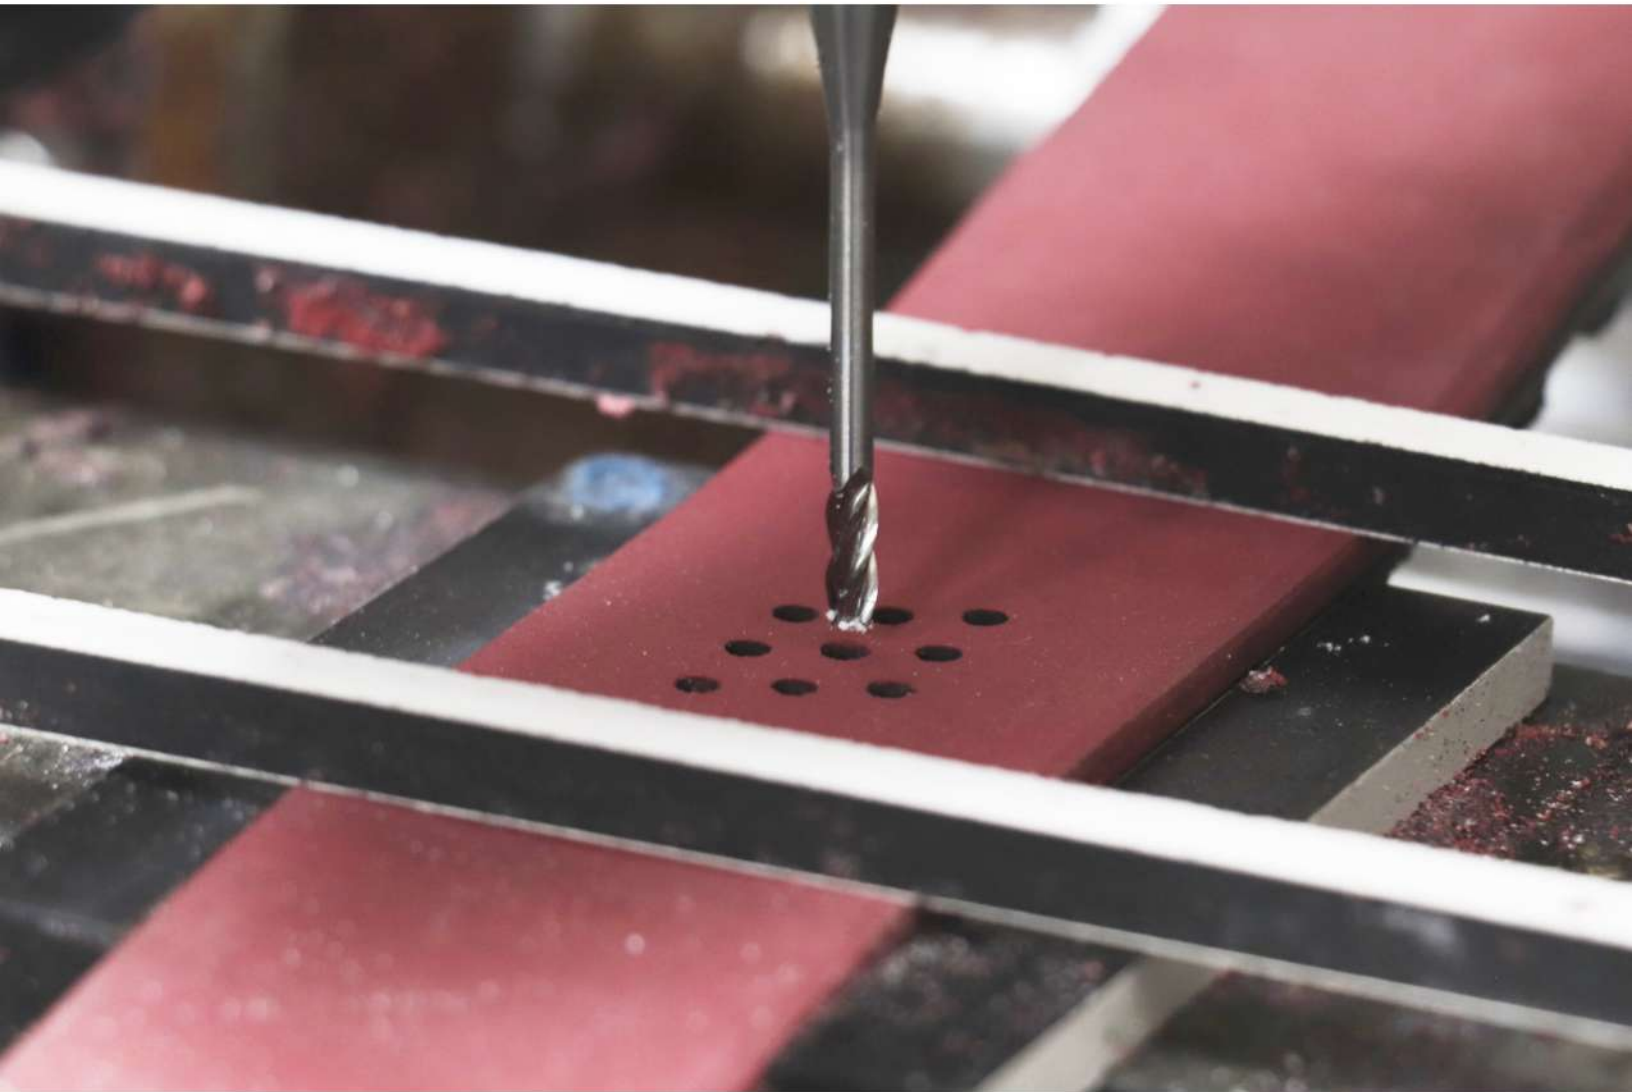

Offers a wide range of high quality **Draw Down Belts** for the packaging industry.

Our Timing Belts have a great high friction backing on the top surface to help vertically draw down film in packaging machines to make bags.

A complete range of molded, seamless backings is available along with comprehensive machining, drilling & milling operations.

VERTICAL FORM-FILL-SEAL BELTS

Standard Stock Range

- Fast Shipping.
- Popular sizes available for next day delivery.
- Bi-directional molded belts.
- Rubber Base Belts as standard.
- 40 ShA standard backing hardness.
- Full technical support, supply and stocking options.
